Shirly Brener will host part of the TELETHON in the USA. The main host will be no less than **Larry King**. Honestly, aren't you feeling proud?

Brener. Respect.

Usually (that is *always*) we respect Shirly a lot in Israel, but this time it's global respect. The LA based actress will host part of the 30th CHABAD TELETHON, live. The event will be aired parallel to the EMI awards ceremony - you decide what you want to watch.

The TELETHON fundraiser will be hosted by no less than the man, the legend and the suspenders, Larry King. Brener herself will host a section in the program, and all the funds raised will go to CHABAD. That is a real Israeli pride. By the way, after Brener will raise the funds, she will visit the homeland for the High Holidays. She should bring Larry King along with her.

King Interviews Israeli Prime Minister Benjamin Netanyahu. Now he will get us some money too.
